

## Notice of CCTV drainage surveys, A418 and A4010

December 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. We continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. The Government's current strategy makes it clear that construction activity can continue as long as it complies with this guidance. Please be assured that only sites that can operate within the guidelines are operational. All sites will remain under constant review. You can sign up for regular updates in your local area at [www.hs2inbucksandox.co.uk](http://www.hs2inbucksandox.co.uk).

### What are we doing?

In January, we will be carrying out CCTV drainage works on the A418 Oxford Road. A camera will be used to investigate and survey the condition of the drainage system. This will help us to understand how best to protect the drainage while we build HS2.

Our works will be carried out under traffic management, in the form of a lane closure and two-way traffic lights. To further reduce the inconvenience to road users, traffic management will only be introduced off peak, between 9.00am and 3.00pm.

Towards the end of January, CCTV drainage works will also be carried out on the A4010, Risborough Road. Our works will be carried out under traffic management, in the form of a lane closure and two-way traffic lights. To further reduce the inconvenience to road users, traffic management will only be introduced off peak, between 9.00am and 3.00pm.

### When will these works take place?
